

SEE WHAT'S POSSIBLE

GE 30" 4 - Burner Slide-In Electric Range - Stainless Steel

JS645SLSS

Bake multiple dishes simultaneously in the large-capacity oven of this 30-inch GE slide-in electric range. Its upper and lower elements provide powerful heat at a consistent temperature, producing evenly cooked foods. The cooktop of this GE slide-in electric range has two power boil elements that save time by boiling water rapidly.

Features

- Radiant Smoothtop
- Self-Clean Oven
- Dual-element bake
- White LED Display
